Please include that you heard about the position from EmployLNK so that employers know that we all work together to connect people to careers. Thank you!

State of Nebraska Temporary AND permanent Positions Available

Looking to gain experience? Are you in between jobs? SOS may be the answer!

The SOS Temporary Program is an on-call service for State agencies and commissions. SOS continually recruits applicants to fill a variety of temporary clerical, vocational and professional positions for the State of Nebraska in the Lincoln and Omaha area.

Temporary assistance is necessary for a variety of reasons: to fill in for permanent employees who are on leave, to work in grant-funded positions or on special projects, to fill in for short-term increases in workload, or during interim periods while advertising to fill a permanent position. Salary is based on classification. As demand for specific skills fluctuates, note that not all applicants will be called for an interview.

- SOS is not a temp-to-hire service, the State of Nebraska has an open, competitive process for all open positions. However, the experience you gain working through SOS helps you stand out among the competition.
